Leaders in Quality Value and Service

## Commercial

### project

Site Hays Personnel Services

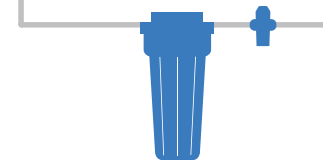

Address 2 Chifley Square Sydney

### the requirement

Provide a cost effective alternative to the inconvenience and never ending cost of buying in bottled water for staff.

Clearwater Pure 1 mains pressure filtered cooler system

## the clearwater solution

To supply and install Clearwater Autofill Filtered Water Coolers to all Hayes Personnel premises Nationwide. These mains pressure auto filling filtered coolers provide all the visual appeal of bottled water without the inconvenience of storing and lifting bottles or the significant ongoing costs.

## testimonials

“The Clearwater filtered cooler systems are a major advantage over the delivered bottled water we used to have. The water quality is excellent and because they are plumbed in, we no longer have the need to store or lift the heavy bottles. There has been some significant cost savings as well.” Hays Personnel
